Notes:

- ¹ This applies to patient counselling regarding early return to work and completion of an employer provided return-to-work/restrictions/abilities form. It is billable at any session where an employer provided form is completed and returned to the employer. The visit fee and WCB report form are also billable at the same visit.
- ² Hospital management is billed by the most responsible physician and/or physician completing discharge summary, for inpatient hospital stays. It includes discussion with patient regarding expectations for recovery and return to work. Hospital management is billed at or near time of discharge, with notation in patient's chart.
